

# Transcription Drives Development

Minisymposium at Botnar Auditorium  
Weizmann Institute, May 11, 2022

## Program

**10:30 Coffee**

**11:00-11:45 James Briscoe, Crick Institute, London**

About time: the dynamics of neural tube development

**11:45-12:30 Denis Duboule, EPFL, Lausanne**

CTCF-based temporal regulation at Hox clusters

**12:30-13:30: Lunch break**

**13:30-14:15: Adrian Bird, University of Edinburgh**

Proteins that interpret genomic signals to stabilize cell identity

**14:15-15:00: Alexander Stark, IMP, Vienna**

Decoding transcriptional regulation: DNA elements and protein factors

**Organizer:** Prof. Benny Shilo [benny.shilo@weizmann.ac.il](mailto:benny.shilo@weizmann.ac.il)
